## 👤 PROFILE

As a dynamic professional with a background in light design, bartending, and office management, I am seeking to leverage my newly acquired skills as a Software Developer. Eager to contribute with my creativity, adaptability, and technical proficiency to a dynamic team in a software development role.

## HARD SKILLS

★ **HTML, CSS, Javascript, Java, MongoDB, jQuery, Git, Github, React, Next.js, Typescript, PostgreSQL**

## EMPLOYMENT HISTORY

### 🏢 Office manager at Fratelli Group, Bucharest

May 2018 — Present

Leading administrative operations, overseeing a variety of tasks and ensuring the efficient functioning of the office environment within the Fratelli Group.

- Implemented streamlined processes, improving office organization and overall efficiency.
- Facilitated effective communication within the office and between departments.
- Assisted in HR functions, maintaining records and contributing to the hiring process.
- Managed office facilities, vendors, and contributed to budget oversight.
- Managed issues and conflicts, proactively identifying and solving challenges.

### Bartender at Fratelli Group, Bucharest

November 2013 — December 2019

- Proven excellence in bartending, ensuring top-notch customer service and maintaining a well-stocked bar.
- Promoted to Shift Leader, overseeing daily operations and managing team schedules for smooth shifts.
- Promoted to Bar Chief, leading the team, implementing efficient processes, and maintaining high service standards.
- Showcased adaptability by seamlessly transitioning between roles, contributing to the overall success of the establishment.

### Bartender, Bucharest

February 2012 — November 2013

Worked for different venues in the course of 2 years to gather as much experience as possible.

### Light Designer at Teatru National de Opereta "Ion Dacian", Bucharest
